### **1.0 About SOPEP:**

The “Society of Power and Energy Professionals” (SOPEP) is a registered Non-profit Organization professional body constituted in August, 2015 and registered with’ The Charity Commissioner office, Thane’, Maharashtra.

The Society aims to play an important role in bridging the existing knowledge gap prevailing in industries in the Energy related fields. Its objectives are to work –

- (A) as a **professional body** of –
  - Practicing power engineers
  - Power professionals in the field of generation, transmission & distribution
  - Energy managers and energy auditors
  - Process plant professionals
  - Significant energy users
  - Academicians
- (B) To support and encourage the members for taking up Training and Consultancy jobs
- (C) To impart, promote and spread education in the relevant areas
- (D) To encourage conservation of the natural resources of the environment by organizing and conducting lectures, talks, projects in schools, colleges and other educational institutions

SOPEP also intends to play an important role by assisting in ushering in ‘Renewable Energy Systems’ in the Indian Industrial scenario. SOPEP is focussed more on ‘Energy Saving Methodologies’ in Power Plants, Process Industries and the likes, where we come across ample opportunities for optimization. This, ultimately, results in saving of Time & Money. Efficiency improvement becomes a by-product, automatically.

The long-term plans of SOPEP include certification of Energy Professionals in a big way so as to bridge the existing gap in professional expertise.

SOPEP is committed to provide an open platform for professionals in achieving personnel satisfaction by imparting their expertise to the present generation of Power & Energy Professionals.

### **2.0 Membership:**

SOPEP offers two distinct types of memberships -

**(a) Individual Life Member**
